Angelina Jolie.

I'd like to meet Angelina Jolie. She's an American film actress, she was in 'Tomb Raider', and she's an ambassador for the United Nations too. She's a famous film star with a lot of money and a famous celebrity film star husband, but she really cares about helping people and she uses her money and her fame to help children and people who are very poor or have a difficult life. I saw a film about her on MTV the music channel – it was a video diary of her visiting Africa and talking about how to stop poverty, and they were really simple things, and I thought it was really cool because MTV doesn't usually show programmes like that, it's usually just music videos and things, but because she's famous and beautiful then people want to see her so she can get a lot of attention for the things that she wants to change.

She's a good actress, and she's so beautiful that you just want to look at her all the time. I think she's one of the most beautiful women in the world. I love watching her, I love all her films.
